

WiFi Hotspots

Now Available to Borrow at
Your Library!

SSPL cardholders ages 18+ can borrow a mobile hotspot with unlimited data on a 4 week loan. The area where the device is used must have cellular coverage in order to operate.

SSPL is now loaning WiFi HotSpots. These mobile devices provide free unlimited internet access. HotSpots can be borrowed by SSPL users 18 years and older and have a loan period of 4 weeks. To borrow a WiFi HotSpot, [place a hold on the item in our online catalogue](#) or call your local library branch and library staff will be happy to place the request for you.

The device will only work where there is Bell Mobility coverage in Canada. There must be Bell cellular reception in order for the device to operate. Any roaming services are blocked.

Please note that if devices are not returned, the connection will be shut off and the borrower will be charged a replacement fee.

This exciting new loan program is in collaboration with [@NS Community Technology](#).
